October 31, 2019

Dear Parent / Guardian:

On Tuesday, November 19, the Indiana State Teacher's Association (ISTA) is encouraging public school teachers across the State of Indiana to attend the "Red For Ed Action Day" at the Statehouse. The purpose of the event is to encourage the Indiana General Assembly to make public schools the top priority in their next legislative session.

The South Central Classroom Teacher's Association (CTA) estimates that at least 15-20 of our certified teachers will attend the "Red For Ed Action Day" on the 19th. South Central's substitute teacher provider, Will Sub, has already communicated concerns filling teacher vacancies that day at South Central. In fact, they are concerned about filling vacancies at public schools throughout the State of Indiana on November 19.

The South Central Board of Trustees and I want to make sure that we afford our teachers the professional opportunity to be heard at the Statehouse. However, we also believe that our priority needs to be providing quality educational programming to our students. Therefore, we have made the decision to cancel school on Tuesday, November 19, 2019. South Central will be "in session" on our snow makeup day, February 17, 2020.

We apologize in advance for the inconvenience this will cause you and your family. Thank you for choosing South Central Community School Corporation for your child's education.

Sincerely,

Dr. Theodore Stevens

Superintendent, South Central Community School Corporation
