March 19, 2020

Dear Parent / Guardian,

Today, Indiana Governor Eric Holcomb extended school closures for all K-12 public and non-public schools through May 1, 2020. In addition, all State of Indiana standardized assessments have been cancelled as well. This extension is an attempt to contain and mitigate the community spread of the Coronavirus (COVID-19).

As outlined in an earlier letter, South Central Community School Corporation will be closed for all student and student related activities - now through May 1, 2020. If there are no further extensions determined by the Governor or the LaPorte County Health Department, we are hopeful that we will return to daily school attendance on Monday, May 4, 2020.

South Central will continue to offer E-Learning on Mondays, Wednesdays, and Fridays through May 1, 2020. Tuesdays and Thursdays will continue to be considered days off, and will count toward the 20 waiver days Governor Holcomb outlined in an earlier address. Please note that the week of April 6 -10 will be considered Spring Break and no new E-Learning will be distributed during that time.

We will continue to provide updates as new information becomes available. Thank you to everyone in the South Central community for their ongoing patience and understanding. I am hopeful that we will be able to host students at South Central on Monday, May 4.

Sincerely,

Dr. Theodore Stevens
Superintendent, South Central Community School Corporation
